

CAMPO DOTTORE

OLTREPÒ PAVESE RIESLING DOC

Produced from Riesling grapes only, this wine shows the classic elegant bouquet of the Rheinriesling and a bright, natural acidity given by the soil. We grow our Riesling grapes in the northern part of our estate, where the limestone-rich soils are especially fitted for the growing of white grapes.

We are now converting to organic farming, but we have always been committed to a sustainable approach to vine-growing, using a minimum of pesticides.
