It goes well with a wide range of foods,
from finger food to meat dishes.

PINOT NOIR IN OLTREPÒ

Pinot Noir has a more than 150-year history in Oltrepò Pavese: the first clones were imported from France around 1850.

Today, Oltrepò Pavese is the largest Italian Pinot Noir producing area, boasting about 3,000 hectares of Pinot Noir.

The higher Versa Valley, where our winery is located, offers the perfect soils, altitude (up to 550 m AMSL) and climate for the growing of the Pinot Noir clones suited for Metodo Classico sparkling wines.

VINIFICATION

The base wine is a *cuvée* that blends 7 vineyards where Italian and French clones of Pinot Noir are grown. Manual harvest into small plastic boxes. Soft pressing of the grapes (pressure: 1 bar). Minimum maceration in order to get a pale rosé colour. Ageing in bottle for a minimum of 30 months. Bottles are stored in our temperature-controlled cellar. Disgorging *à la glace* done by us.
